Sir:

On October 29, 2003, a fee of \$8.00 (Fee Code 1202 - Claim in excess of 20) was charged against the undersigned's Deposit Account 19-2380 in connection with the above-identified application.

This fee was not due in this case because this application was filed at the U.S. PTO on June 26, 2003 with a total of three (3) claims, i.e., one independent claim and two dependent claims. Thus, it is believed that the charge of \$8.00 applied on October 29, 2003 is an error.

Attached is a copy of the Official Filing Receipt issued by the Patent & Trademark Office in this case which shows that the above-mentioned application was filed with a total of three (3) claims.

It is requested that a refund in the amount of \$8.00 be credited to Deposit Account 19-2380.

Respectfully submitted,

Joseph L. Costello

LICENSE FOR FOREIGN FILING UNDER**Title 35, United States Code, Section 184****Title 37, Code of Federal Regulations, 5.11 & 5.15****GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries or areas, agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Components of War (22 CFR 121-125)); the Office of Export Administration, Department of Commerce (46 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time. If the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form, applicants may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the applicant has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
